

4PK 16oz CANS

# MUSEUM™

When you have a work of art deemed a masterpiece, it should be on display in a Museum. We created this Triple IPA to test the limits of combining a high ABV IPA while also maintaining the New England style flavor profile. Museum is an 11% Triple Dry Hopped IPA. Citra, Galaxy, and Mosaic hops combine to showcase tropical aromas of orange, apricot, and peach. Medium in body with a moderate, piney bitterness, Museum boasts a delicate balance between resinous and a touch of rounded malt sweetness. Enjoy the exhibition while you can, before it heads back into our vault.
